

L46H1 - 46" LCD Kiosk with Built-in Ad Player

Rounded Corners 46" LCD Kiosk with Built-in Ad Player - 3" Depth

Captivate your customers with an LCD Kiosk with built-in ad player. Play videos, image slideshows, or web based content that will engage and amaze customers and clients. Use the built in auto-play system to switch between different input sources on the fly. Use one as a stand alone device, or network a group together. With so many configuration options, the possibilities are endless!

Quick And Easy Setup

The L46H1 is our flagship model, and it offers a quick setup, and an easy content loading system. Load your content via a usb thumb drive, and it will auto-copy, and auto-play from the built in memory.

24/7 Operation

Commercial grade LCD displays offer continuous, reliable operation 24 hours a day, 7 days a week.

Commercial Grade Casing

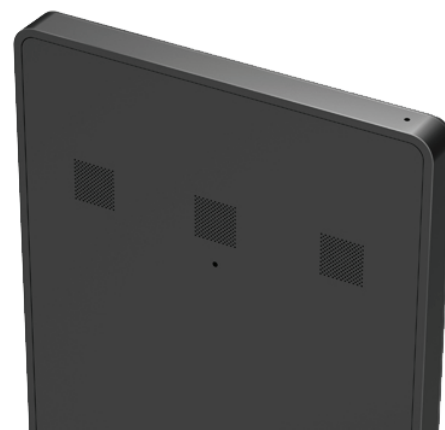

Displays are encased in a commercial grade metal housing with a tempered glass front that can withstand the wear and tear of everyday commercial use. The actual display is protected by lock and key so you can feel safe setting up your display virtually anywhere.

Full HD 1080p with HDMI

- Display your content in the highest resolution possible.
- Connect to multiple input sources and use the auto play system to switch between them.
- Compatible with the PP05/PP06/PP07 digital signage media player (Optional)
- Play multimedia files from built in memory card.
- Load content easily from a USB thumb drive.
- Abundant I/O ports: HDMI, VGA, YPbPr, AV, Audio, USB
